

## MULTI-USE TRAILS

Stub Stewart State Park has more than 20 miles of trails for hikers, horseback riders, and mountain bikers. The trails are designed as a "stacked loop" system. Easier, shorter loops are close to the trailheads, and longer, more difficult loops extend further beyond the trailheads. You can enter the loops via the B-V State Trail, or through one of the day-use parking lots. Hikers and bikers are welcome throughout these trails; some portions of trails are off limits to horses for safety reasons. Please check the maps in this brochure and the signs on the trails.
