Discovery Season

From October 1 - April 30, you can rent full, electric, or tent sites for less. At most state parks, including Umpqua Lighthouse, you can get \$4 off summer rates. Deluxe yurts are also discounted during the discovery season.

Yurts!

A yurt is a domed tent with structural support, a wood floor, and a lockable wooden door. It has lights, heating, and beds with vinyl-covered mattresses. A bunk bed sleeps three and a futon couch sleeps two. A fire ring, picnic table, and paved parking are right outside.

Need to cancel your reservation? Follow these guidelines: If your reservation is for today or tomorrow, call 541-271-4118. Otherwise, call Reservations Northwest at 1-800-452-5687.

Deluxe Yurts

Umpqua Lighthouse is the only Oregon state park with deluxe yurts. They have a kitchen with refrigerator, microwave, and sink, as well as a full bathroom with shower. A TV/DVD player is also provided (no cable available). The 24-foot diameter facility can sleep seven people. Up to two pets (cats and or/dogs only) are permitted in the pet-friendly yurt.

Cabins

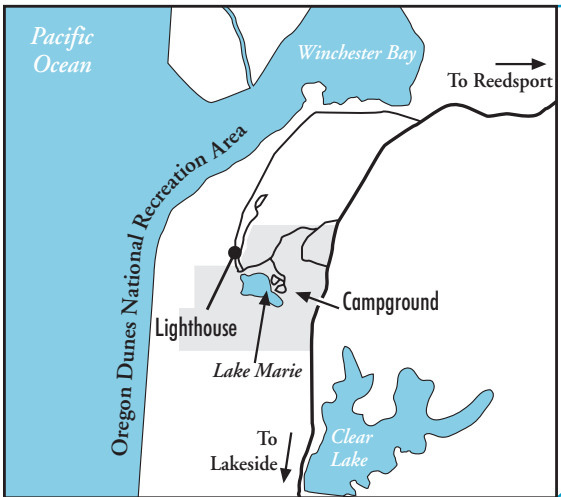

These one-room rustic cabins sleep four people and have heat, lights, and a table with chairs. The decks overlook Lake Marie.

Lake Marie

Both the campground and day-use areas lie next to Lake Marie, a small but picturesque body of water bounded by the dunes. The lake is open to canoeing and fishing. A small, sandy beach accommodates swimmers. A one-mile, self-guided nature trail circles the lake.

Dunes North, Dunes South

The park is located in the center of the Oregon Dunes National Recreation Area, which stretches 47 miles from Florence to Coos Bay. There are hiking trails and areas set aside for off-road vehicles nearby. Dune buggy rentals are available in nearby Reedsport or Winchester Bay; you can also bring your own. The Oregon Dunes National Recreation Area information center is in Reedsport.

Umpqua River Lighthouse

The first lighthouse on the Oregon coast was built on the north spit of the Umpqua River in 1857. However, it was destroyed just four years later by a severe storm.

Today's lighthouse has a 65-foot tower and sits on a hill 100 feet above sea level on the south side of Winchester Bay. Its lens emits distinctive red and white automated flashes, the only colored signal on the Oregon Coast.

The lighthouse is maintained by the Douglas County Parks and Recreation Department, which offers tours May through October. Call (541) 271-4631 for current schedules and information.
