Lake

Owyhee The "Glory Hole"

Lake Owyhee

63400-8961 (3/13)

Lake Owyhee State Park is a remote oasis that offers camping and boating on the shore of a scenic desert canyon reservoir.

but narrow canyon brimming with colorful volcanic rock formations. Many boaters return year after year to explore the desert canyon and rugged mountains. Some of the geological features are visible only by boat.

The Indian Creek campground and the Gordon Gulch Dayuse Area both have boat ramps. Another ramp is located near

### Play It Safe

### 'Owyhee': Like in 'Hawaii'?

In his account of an 1826 expedition, famed trapper Peter Skene Ogden says that the Owyhee River was named in honor of two Hawaiians killed on an earlier trip to the area. "Owyhee" was a variation of Hawaii commonly used in the early 19th century.

### Succor Creek State Natural Area

A remote haven for rockhounds and wildlife enthusiasts, Succor Creek State Natural Area lies in a deep, rocky canyon. Limited souvenir collecting is permitted in the park. A rough 15-mile gravel road leads from Oregon 201 to the natural area, which has eight primitive campsites and a vault toilet on the west side of Succor Creek. There are an additional 15 primitive walk-in sites on the east side of the creek. No water is available.

Unusual rock formations aren't all you'll see in the Lake Owyhee and Succor Creek areas: wildlife is abundant here. Look for golden eagles, coyotes, ground squirrels, rabbits, pronghorn antelope, mule deer, and wild horses (watch out for rattlesnakes, too). You might even see California bighorn sheep or a mountain lion.

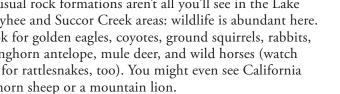

# **Boating and Fishing** Owyhee Reservoir is a 53-mile-long lake filling a deep

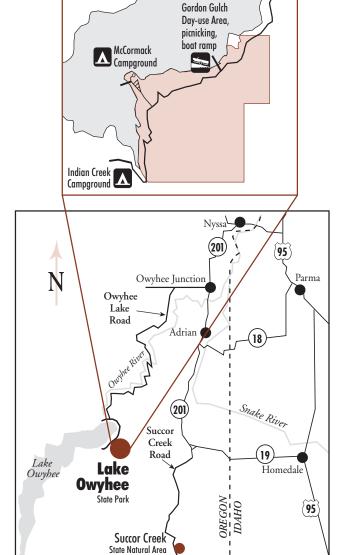

Anglers are rewarded with excellent warm-water catches, especially largemouth bass and black crappie. The reservoir also has catfish and is occasionally stocked with rainbow trout.

the dam.

Follow park rules and boating safety regulations. The nearest emergency services are 33 miles away, in Nyssa. The closest hospital is in Ontario, about an hour's drive from the park.

# **Wildlife Viewing**

This park is operated as a partnership between the Oregon Parks and Recreation Department and the U.S. Bureau of Reclamation.
