#### Yurts!

Wallowa Lake has two wooden yurts, which are circular, domed structures with lockable doors, lights, and heat. Their futon couches sleep two and their bunk beds sleep two on the bottom and one on the top. Fire pits, a covered deck, and a picnic table are right outside. No pets are allowed in the yurts.

The park has four reservable picnic areas within a large dayuse area. All sites include fire pits and ADA-accessible picnic tables. The **Shoreline** and **Lakeside** areas have reservable sites near a large open field for athletic activities and an unsupervised swim area. A boat launch and marina with boats, motors, and other equipment for rent are nearby. The **Ice Creek** area has a covered reservable shelter with electricity and water. The **Riverside** area is near the Wallowa River and has parking close by.

The **Little Alps** day-use area one mile from the campground is between the east and west forks of the Wallowa River near the U.S. Forest Service's Wallowa Lake Trailhead.

### An Alpine Experience

The surrounding community at Wallowa Lake is reminiscent of a Swiss alpine village. It features attractions such as a tramway to the top of 8,200-foot Mt. Howard with views of the Wallowa Lake basin and the Eagle Cap Wilderness Area. The unspoiled wilderness area has small, sparkling lakes scattered at the base of 10,000-foot peaks and is a paradise for hikers, horseback riders, and naturalists. Trails lead up the east and west forks of the Wallowa River from the trailhead. Wilderness area information is available from the USFS ranger station in Joseph (541-426-5546).

Hat Point Viewpoint, 54 miles northeast, overlooks the Snake River's mile-deep Hell's Canyon, the deepest gorge in North America. The final 24-mile segment of the gravel road to the viewpoint is steep and narrow.

Joseph Canyon Viewpoint is 30 miles north of Enterprise on Highway 3. To the west, you can head up the Lostine River Canyon into the heart of the high country south of Lostine and Highway 82.
