Pinnacle Peak Park

The trail from the parking area on the north side of the park is named for Cal Magnusson, a long-time Cascade mountaineer who worked at REI for 25 years with famed mountain climber Jim Whittaker. A recent acquisition of 83 acres on the south side of the park provides another access to the peak along gravel roads and even more spectacular views along the way. The new acquisitions also present an opportunity to develop an equestrian trail and other recreation amenities.

Pinnacle Peak

Welcome to King County Parks' Pinnacle Peak Park

Pinnacle Peak Park is a 256-acre volcanic cone that rises straight out of the Enumclaw farmlands and towers over the White River. Also known locally as Mt. Peak and even Mt. Pete, Pinnacle Peak is one of the most popular hikes for Enumclaw and south King County families. A one-mile-long forested trail climbs 1,000 feet to the top of the 1,800-foot-high geological knob. Once you get to the top, you will see extruded outcroppings of columnar basalt, the concrete footings of an old fire lookout and best of all, spectacular views of Mt. Rainier and the White River Valley.
